PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The article is a review in which it aimed to approach an overview of the concept of forensic toxicology and its application in the study of toxicity and medicine. The article is supplemented with relevant information in the field of toxicology research.</p> <p>However, I am concerned about the formatting of the manuscript. Because it does not have a standardized formatting throughout the text, citations and references. I suggest performing the standardization based on the formatting recommendations available on the journal's website.</p>	
Minor REVISION comments	Minor review comments are in the manuscript file.	
Optional/General comments
