PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	I appreciate your work and effort. My comments are as follows: -Hyperlipidemia also occurs due to compensatory production of the liver due to albumin and protein loss. -Did you perform a kidney biopsy or why was it not done? -Vitamin D deficiency occurs due to loss of protein-bound part (J ASEAN Fed Endocr Soc 2021;36(1):50-55.)	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
