

Review Form 1.6

Journal Name:	Asian Journal of Geological Research
Manuscript Number:	Ms_AJOGER_81746
Title of the Manuscript:	PETROLOGY AND HYDROGEOCHEMISTRY WITHIN THE LATERITIC PROFILES OVER THE BIOTITE GRANITES AND PEGMATIZED GRANITE SCHISTS OF OGBE AND ENVIRONS, SOUTH-SOUTH NIGERIA
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://journalajoger.com/index.php/AJOGER/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	This author(s) conducted a series of geochemical analyses and thereby determined the different elements present in the groundwater (the concentration of heavy metals, anions and cations) in the study environment, the petrology of the different rock types present and the structural geology of the target area. This paper is of certain academic significance and has specific instructive importance for the target field. Minor Revision Suggestion: Necessary testing and analysing apparatuses and operating steps should be exhibited.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	

Review Form 1.6

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
