General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajorrin.com/index.php/AJORRIN/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> This sentence "The first pregnancy was uneventful and in her second pregnancy, she had one transient high diastolic blood pressure (BP) recording of 92mmHg at 35 weeks of gestation." needs to be revised. This sentence "There was history of headache lasted for few hours before admission." needs to be revised. The words "2.8Kg" need to be revised. The word "MgSo4" needs to be revised. What is the full name of "HELLP syndrome"? Please provide the full name. These sentences "She was unresponsive and had a ?seizure-like activity in the labor room after 2 hours after admission." need to be revised. She had developed AKI post-delivery which required a setting of hemodialysis. (The parameters are shown in Table.No.1). Like this sentence, the authors need to carefully read the manuscript and revise it. The written English is poor. Lots of mistakes need to be carefully revised. 	
Minor REVISION comments		
Optional/General comments
