Manuscript Number:	Ms_AJPAS_77839
Title of the Manuscript:	Gerber-Shiu function in a discrete-time risk model with dividend strategy
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The article is at a good level. Both the introduction and the description were excellent. Finally, it would have been better if the table had been solved for $\theta$ between 0 and 0.1 and close to 1, ie 0.9. On the other hand, in the numerical method, the error rate would have been better.	
<b>Minor</b> REVISION comments	It would be better if there was a brief explanation of Markov chains and geometric distribution.	
<b>Optional/General</b> comments	Review editing.	

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
