Manuscript Number:	Ms_AJPAS_89143
Title of the Manuscript:	TWO SAMPLE TEST FOR CENSORED DATA BASED ON SUB-SAMPLE MEDIANS
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajpas.com/index.php/AJPAS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1.The quality of references needs to be improved. It is suggested to add new technical methods in the field as a comparative reference. 2. The realistic cases mentioned in section VI are less convincing. 3. Formula (4) and Formula (5) need to be proved in detail.	
Minor REVISION comments	It is suggested that some conclusions be added and some work prospects be added to help complete the results demonstration.	
Optional/General comments	1.It is suggested to add some detailed analysis of previous studies to highlight the advantages of the research content. 2. The main contributions of the study can be listed separately to help the readers understand this article more intuitively.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
