PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	<p>It is a simple study, but carefully developed. The subject is interesting as a source of information for preventive campaigns that health providers can develop.</p> <p>The methodology seems adequate to me and there is a complete presentation of tables of results.</p> <p>I consider it a good contribution to the study of the risks of drug use during pregnancy</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
