PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|---|
| Compulsory REVISION comments | The author has not expressed the purpose of publishing this case report. Genetic study results have not been reported. Hence, genetic counselling and prenatal diagnosis cannot be offered at present. The author has mentioned the parents are 1 st degree relatives which needs to be clarified. Photos or videos CT scan and MRI images needs to be shared. References should be in Vancouver style. Grammar and language is very poor. Hence, modification of the case report needs to be made. Resubmission with modification. | |
| Minor REVISION comments | | |
| Optional/General comments | | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| Are there ethical issues in this manuscript? | (If yes, Kindly please write down the ethical issues here in details) | |
