

Review Form 1.6

Journal Name:	Asian Journal of Pediatric Research
Manuscript Number:	Ms_AJPR_81821
Title of the Manuscript:	The features of Down syndrome and the risk of parent's age
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajpr.com/index.php/AJPR/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Mention material and method in abstract briefly and write it in the paper's body in detail</p> <p>Most of the discussion has parts of results, and sporadic figures from studies of other countries without any critical analysis of how disproportionate the features of Down syndrome.</p> <p>References missing in several places.</p> <p>Overall, the article is too broad. Accept with major revisions</p>	
Minor REVISION comments	<p>There are several typos, spacing errors.</p> <p>Please format the font</p>	
Optional/General comments	<p>Objectives need re-context</p> <p>Methodology Use SPSS in this study There is no need to use SPSS in this study because there is no data analysis</p> <p>Results: The data itself is not well presented. Please use more graphs & table to make them simpler to understand. Some percentile calculations seems inaccurate</p> <p>References Formatting of references needs to be corrected.</p>	

Review Form 1.6
