

Review Form 1.6

Journal Name:	Asian Journal of Research and Reviews in Physics
Manuscript Number:	Ms_AJR2P_84514
Title of the Manuscript:	SOLAR ENERGY POTENTIALS OF SOME SELECTED LOCATIONS IN NORTHEASTERN NIGERIA.
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajr2p.com/index.php/AJR2P/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. The authors need to discuss the methodology adopted to estimate the solar potentials.2. The results claimed in tables 1-4 has the data for past years. The appropriate references need to be cited for the values considered.3. The authors should support the results with experimental setup and the photographs of the setup need to be included in manuscript.4. The authors have not validated the results with proper evidence.5. The article type projects as a review article rather than research article	
Minor REVISION comments	<ol style="list-style-type: none">1. Nothing specific	
Optional/General comments	<ol style="list-style-type: none">1. The Manuscript Focusses on Solar Energy Potentials Of Some Selected Locations In Northeastern Nigeria.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
