Manuscript Number:	Ms_AJRAF_75871
Title of the Manuscript:	Germination of Balsa seedlings ( <i>Ochroma lagopus</i> Swartz) under different Sowing media in East New Britain, Papua New Guinea
Type of the Article	Original Research Article

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory REVISION</b> comments	There is inconsistency between the bibliographic citations in the text and the list of cited literature. Three works cited in the text do not appear in the references: Cepeda-Cuervo & Corrales-Bosio 2015; Crawley 2012; and protocols of the Stewardship Council (FSC). In the references, errors/omissions of data must be corrected	
<b>Minor</b> REVISION comments	item 2.1 does not deal with germination indices item 2.2 must be named treatments and not germination indices	
<b>Optional/General</b> comments	Strict spell checking must be done The work can be enriched if the results of chemical analyzes of the substrates used are included.	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
