**Review Form 1.6**

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ol style="list-style-type: none"> <li>1. There is confusion on the introductory part.....rewrite to address the problem.</li> <li>2. You pointed out one of the challenges facing the species is hunting at the same time you said local people consider the monkeys sacred.....so who is hunting them....</li> <li>3. You showed the population Density of the monkey but you didn't tell whether is decreasing or increasing VS anthropogenic activities in the study areas so to recommend the conservation strategy of the species...</li> <li>4. You never discussed the role of communities in the study areas on the conservation of monkeys</li> <li>5. It seems there is no problem with the monkey's population because they adapted to the environment</li> <li>6. Rewrite the results part, to make a good flow of the finding</li> </ol>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
