PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. The suggestions and corrections have been indicated on the text itself.2. The title of the research paper needs to be modified in the light of work done.3. Fibrous crop residue is not treated with urea rather urea is supplemented in the diet prepared which contains yam peels (fibrous waste material) for Rams. So the title may be modified in the light of it or as suggested.5. Four treatment diets have been indicated as T1, T2, T3 and T4 but in some tables and at some other places these treatments are explained as D1, D2, D3 and D4. It is suggested to have same abbreviation for treatments throughout the text.	
Minor REVISION comments	<ol style="list-style-type: none">1. The name of journal in some references is italic and others are not in italic that needs to take care.2. Some references are written in short while others in full form so all the references quoted should be written as per the style of the journal.	
Optional/General comments	None	

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
