This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajravs.com/index.php/AJRAVS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<input type="checkbox"/> In introduction, there are idea redundancy and poor sentence flow so that the authors have to revisit and re-write that part <input type="checkbox"/> In materials and methodology section: the procedures you followed, the machines (with specification) and the chemicals/substances used are not clearly stated. Therefore this part needs more clarity and please make good flow of sentences <input type="checkbox"/> discussion part - needs clarity and needs more discussion of current result in comparison with the previous works and it doesn't show also implications.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
