

Review Form 1.6

Journal Name:	Asian Journal of Research in Computer Science
Manuscript Number:	Ms_AJRCOS_78117
Title of the Manuscript:	PERFORMANCE COMPARISON OF OSPFV3 AND EIGRP WITH IPV6 NETWORK
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajrcos.com/index.php/AJRCOS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This article is organized well and good. It needs more clear explanation with some suitable case study of both OSPFV3 and EIGRP with IPV6 Network. Authors need to give explanation about the parameters chosen for analyzing the performance of the OSPFV3 and EIGRP with IPV6 Network. Grammatical and typo errors are there so author need to go through the paper.	
Minor REVISION comments	Comparison made to analyze the performance of the OSPFV3 and EIGRP with IPV6 Network Convergence time comparison analysis is not clearly represented in the graph. Number of references included is not enough and you are requested to go through and include some recent articles in this IPv6	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
