General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Author data will be introduced before Abstract. Please correct the use of comas –each coma will be followed by space after coma, not before it. Correct text following automatically given speeling corrections mode. In Methodology: red see better write as Red see. In Study design: second sentence should be corrected. In References: the words in names of the text of articles should be written using small letters except initial word (see as in Ref.10).	
Minor REVISION comments	Article has scientific interest as case report too.	
Optional/General comments	Article could be published after improve of the text quality.
