PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The topic chosen by the researcher is interesting and important. The author(s) concluded their study by reporting that Mosquito are a significant risk factor for HIV transmission.	
Minor REVISION comments	---	
Optional/General comments	In my opinion the author(s) have not done justice to the topic as they have not cited the latest literature/data available on the topic. Is there any relation between COVID-19 infection and HIV? How can we deal with HIV in current pandemic. The knowledge of topic under study is very useful for every individual so in my opinion the paper may be accepted for publication after major revision.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
