### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajrid.com/index.php/AJRID/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The authors in this study introduce a literature review about Lassa fever disease with recommendation at the of the paper. The organization of the paper should be changed and improved. For example, the Abstract usually includes the main contribution of the paper. However, in this study the Abstract section divided into Background, Objectives, Methods,... etc. I recommend the authors to reorganize the paper.	
<b>Minor</b> REVISION comments	Some punctuation and grammatical errors have to be corrected. References should be revised and unified.	
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
