Compulsory REVISION comments	Limitations of the study should be added	
Minor REVISION comments	I would add the year-to-year comparison (you may say that you plan to do that and you can search literature for other studies who might have compared that). It's interesting to know if these findings will be reproduced every year	
Optional/General comments	I would change the order of columns if Fig2 (same as in figure 1) or do in chronological order both
