

Review Form 1.6

Journal Name:	Asian Plant Research Journal
Manuscript Number:	Ms_APRJ_77182
Title of the Manuscript:	PERFORMANCE OF TRANSPLANT AUS RICE VARIETIES UNDER DIFFERENT NITROGEN MANAGEMENT PRACTICES
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article is good and can be published after further improvement on the given comments. Some of the corrections are made in the manuscript itself and some suggestions are also added in the draft file. However, detail of the study area/location, duration, and description of the study area should be added. Also provide the details of materials used in the your study. One year data might be not be reliable to represent the results to give recommendation for the end users.	
Minor REVISION comments	The conclusion section is short and should be enhanced. Also the materials and methods section should be refined. Rephrase the highlighted lines/words/section/part with using your own words rather than direct use of other sources	
Optional/General comments	The article is good and can be published after further improvement on the given comments.
