PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Introduction There are a lot of repetitions in the Introduction aspect. There should be a recast of the Introduction section.</p> <p>Methodology The site of collection of samples should be described, preferably presenting the GPS coordinate of the area. The local government area or division of the study site should also be stated</p> <p>The method of sample collection and tools used for sample collection should be provided.</p>	
Minor REVISION comments	<p>There is no consistency in reporting the result, some are in two decimal places, some are in one decimal places and three decimal places. The author needs to be consistent with his or her choice of choosing decimal places throughout the manuscript.</p>	
Optional/General comments		

Review Form 1.6
