General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalarjass.com/index.php/ARJASS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The research problem has to be coined-up more strongly. Biology teaching-learning, practical approach, availability of labs and lab equipment are issues commonly discussed. If there is a puzzle (research problem) that needs investigation is has to be presented.</p> <p>What is the argument that is presented through the findings of the survey?</p> <p>This paper seems to be an analysis of the present situation regarding Biology teaching in a particular location.</p> <p>For the international reader, this problem has to be presented through a better theoretical framework.</p>	
Minor REVISION comments	<p>Language editing of the paper.</p>	
Optional/General comments
