PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The author has not addressed recent or current literature review to the research. As suggested above, I think a more in-depth discussion would be helpful. I feel this is a significant result for this research, and therefore it merits more discussion.	
Minor REVISION comments	The author may wish to mention why the research is important in the present scenario. No significant limitations are discussed. It may be worthwhile to mention.	
Optional/General comments	The study can be more relevant if it is supported with theoretical background. Overall, the information presented represents valuable information regarding technological stress among public school teachers during Covid-19 pandemic.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
