

Review Form 1.6

Journal Name:	Asian Research Journal of Mathematics
Manuscript Number:	Ms_ARJOM_79302
Title of the Manuscript:	Decay estimate for solutions to a semilinear plate equation with memory
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>In this paper ,The authors Considered the initial value problem of a semilinear plate equation with memory term in R^n.They studied the decay estimates for solutions to the equation in the spirit reference[1, 2], Also obtained the global existence and decay estimates of solutions to the semilinear problem, which generalize the results in reference [1]. I have analyzed carefully the paper and I have checked the statements. The paper is well written and the results are new and correct, and well developed the recent works in the References. For all these reasons, I appreciate that the present paper has a good sciential level and I recommend this paper to be publish in Asian Research Journal of Mathematics.</p>	.
<u>Minor</u> REVISION comments
