

Review Form 1.6

Journal Name:	Asian Soil Research Journal
Manuscript Number:	Ms_ASRJ_78518
Title of the Manuscript:	Role of air flow on changing soil properties and plant nutrition in Egyptian alluvial soil
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalasrj.com/index.php/ASRJ/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	No	
Minor REVISION comments	In the introduction part, the author needs add some research background and highlight the innovation. The conclusion is not concise enough. The author needs to extract 3-4 highlights of this paper.	
Optional/General comments	The manuscript is scientifically robust and technically sound. The effect of air flow on changing some soil properties and plant nutrition is introduced in detail. The aeration or air flow promotes healthy levels of soil gases and has an important role in plant.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
