

**SDI Review Form 1.6**

Journal Name:	<a href="#">Current Journal of Applied Science and Technology</a>
Manuscript Number:	Ms_CJAST_49346
Title of the Manuscript:	Level of Organochlorine Pesticide Residues in selected Soft drinks commonly sold in Benin City Markets
Type of the Article	

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>The paper should be full reviewed, English, punctuation, words etc. according to journal statements.</p> <p>The concentration suggest by the authors is too low to be safely measured, so it would be better to describe the validation tests, recovery and linearity for the LOQ and LOD in this study.</p> <p>The contamination of soft drinks is an interesting subject, but it could be related to Benin agricultural and environmental characteristics?</p> <p>These soft drinks are really prepared in Benin, there is a plant of the fabric over there? It should be commented about the contamination connection between water and Organochlorines.</p> <p>About the consumption of soft drinks in Benin, there is a real volume of such drinks by population children and adults, it should be described. Commented as national data.</p> <p>About sample steps, it should be described carefully do not use items.</p> <p>Take care about describing concentration which could not be proved as a validated value LOD is below 0.0001 mg/kg, How do you work?</p>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments
