

Review Form 1.6

Journal Name:	Current Journal of Applied Science and Technology
Manuscript Number:	Ms_CJAST_80995
Title of the Manuscript:	Response of Capsicum Hybrids to Zinc (Zn) Fertilization under Protected Cultivation
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalcjast.com/index.php/CJAST/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. No photographs of the experimental field with control and treated samples. It is the best evidence to show that the work has been carried out under experimental set up. 2. Physico-chemical properties of the experimental soil- These are results and should not come under Materials & Methods. 3. Either the methodology of the soil analyses if done by the author to be given or reference from which it is obtained to be mentioned, under the heading Materials & Methods. 4. The methodology used for measuring volume of roots- reference to be cited as this will help future researchers/ or the methodology followed can be explained further. There are papers on this gravimetric technique alone. 	
Minor REVISION comments	<ol style="list-style-type: none"> 1. Fig.1 spell check for leaf (typographical error) 	
Optional/General comments	Nil	

Review Form 1.6

PART 2:
