### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalcjust.com/index.php/CJAST/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The changes are shown in the main document. The author is advised to make the changes in the text, titles, where possible revise data in the tables provided. Error margins are not shown. Please include original data collected from the various studies as supporting information so that the reader can get a full understanding. The discussion of the results is very brief and lacks coherence. Try to provide a deeper explanation of the results and not just statements e.g. x means it correlated to y by 0.8209 which is 82.09%. Such statements lack scientific depth.	
<b>Minor</b> REVISION comments	Recheck all data in the table. Table 3 is missing. Do a spelling and grammar check for the entire document.	
<b>Optional/General</b> comments	Author (s) need to rewrite their conclusion to provide more information. . The manuscript needs major revisions	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
