PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1) Paper is not constructed as per the format provided by the journal. Especially abstract format. Even font size type are not followed. Lines are not numbered too. References have to be numbered and put in the square bracket. Kindly download the MS word Format provided by the journal and redo.2) Quite a few spelling and grammatical errors are there. Kindly rectify.3) In reference section numbering is not done neither the given format is properly followed.4) Was there any control incorporated? Was the comparison done between test and control? Was the standard reduction in oil amount calculated? (if in any previous work is there give reference)5) Its not very clear at which temperature adsorption kinetics is carried out.	
Minor REVISION comments	<ol style="list-style-type: none">1) Unit wt% is written wrongly at few places. At some places hours unit is abbreviated as h and at some places as hrs. except % and degree Celsius there as to be space between quantity and unit.	
Optional/General comments
