### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journali-srr.com/index.php/I-SRR/editorial-policy> )

### **PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</b>
<b>Compulsory</b> REVISION comments	The Ethical aspects of this study are not well elaborated. Please see details in the Part 2 of the Reviewer's comment	
<b>Minor</b> REVISION comments	In the first sentence of Abstract section, a word curtail should be replaced by the word reduce. The fifth sentence in the Abstract section starting with:"Knowledge of HIV..." should be rewritten with better explanation of YES and NO answers. The same applies to the third sentence of the Method of Data Collection of the Methodology section.	
<b>Optional/General</b> comments	Serious English language editing is required.	

### **PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</b>
Are there ethical issues in this manuscript?	<i><u>(If yes, Kindly please write down the ethical issues here in details)</u></i>
