PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. There is no statistical differences among the different treatments of your study. 2. Two sprays of Daman (<i>Beauveria bassiana</i>) (2% WP@ 1.5 g/L) and Azadirachtin oil (0.2%) were the best management practice from your result. Therefore, try to give the explanation of such good results in your discussion part. A more comprehensive discussion is needed for the improvement of your manuscript. 3. Very limited citations were used in your study. Please try to compare your results with more previous experiments. 	
Minor REVISION comments	<ol style="list-style-type: none"> 1. Introduction: Please mention the yield reduction percentage in mungbean because of MYMV. 2. Introduction: Please mention the previous studies on the management of MYMV using chemical and bio-pesticides. 3. Introduction: Try to make 3-4 paragraphs in your introduction as a standard format of writing introduction part of a research article 	
Optional/General comments		

Review Form 1.6

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
