I urge the authors to present and back their findings by comparison with other literature, reference and make their contributions to their findings and results. 2. The Authors to kindly number the Research Questions 3. To Authors to change Table 4 the Sex of farmers to Gender of Farmers. 	
Minor REVISION comments	<ol style="list-style-type: none"> 1. I have had the pleasure to read the manuscript titled "Farmers' Information Sources and Constraints to Climate Adaptability in Ondo State Nigeria" The topic looks interesting, providing solution to human problems but nevertheless the data used and literature cited are relevant and current. 2. The introduction has a good background information with different perspective and interesting to read. However, it lacks background information of other areas globally, continentally, regional the Authors to consider to put it into perspective, add value and enrich the discussion with recent scenario and current status. 3. Authors to provide what is current status of "Farmers' Information Sources and Constraints to Climate Adaptability in Ondo State Nigeria" to inform policies and legislation, rules, protocols and regulations on adaptation and mitigation. 4. The Authors to provide "What was so unique about Ondo State of Nigeria regions to warrant international audience to pay attention to them on this Topic?" 5. My comments have provided them in TRACK CHANGES IN THE DOCUMENT for ease of reference. 	
Optional/General comments	The authors should spell check their work and ensure uniformity in citation of their work.
