General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Title is too long. It's recommended to shorten as suggested (pls see reviewed file). Introduction and Methodology part should be revised There is Chronological disorder of data presentation. Therefore, all the data/table/figures should be close to the section which you are writing. Captions should be written accordingly. References should be checked (In body and at Reference section) Sentence/ Grammatical rules should be followed and written accordingly.	
Minor REVISION comments		
Optional/General comments	Over all Write up is good but more care should be given to format the paper up to the mark	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
