

Review Form 1.6

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_78718
Title of the Manuscript:	Influence of Post Emergence Application of Herbicides on Growth, Yield and Economics of Dry Direct Sown Rice
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none"> - I find it interesting to put the physical-chemical analysis of the soil and also meteorological data from the period of the experiment. - Explain why there is greater production with the soil kept clean. There is less competition between plants for growth factors such as water, nutrients, solar radiation and space. - The experiments took place in 2015 and 2016, the most recent article cited is from 2016. Quote articles from the last five years, that is, from 2017 or 2018. 	
Minor REVISION comments	<ul style="list-style-type: none"> - Don't retire as title words in keywords. This increases the chance of finding the article in an internet search. - Check the journal's standards and tables. 	
Optional/General comments	<ul style="list-style-type: none"> - Okay, it just needs a few small changes. - I left the comments marked in the attached text. 	

Review Form 1.6
