Type of the Article	Review Article

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>The introduction needs to explain the main contributions of the work more clearly.            The novelty of this paper is not apparent. The difference between present action and previous Works should be a highlight.            The conclusion should state the scope for future work.            The comparison of different methods using clear graphs should be explained.            Discuss the plans concerning the research state of progress and its limitations.            A detailed explanation of the analysis/processing steps.            The abstract should clarify what is precisely proposed (the technical contribution) and validate the proposed approach.            Literature review techniques should include the current system's issues and how the author proposes to overcome the same.            Add the chart for the given process with a description.</p>	
<b>Minor</b> REVISION comments	<p>A comparison with recent studies and methods would be appreciated.            An error and statistical analysis of data should be performed.</p>	
<b>Optional/General</b> comments
