PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Correct some word's errors or title of the paper:</p> <p>Such as: Mushrooms contribution to farm income and the Socio-economic conditions analysis of the growers</p>	
Minor REVISION comments	<p>1) Here the formula was a mistake ?</p> $\text{Sex Ratio} = \frac{\text{No.of females in a family}}{\text{No.of males}} \times 1000?$	
Optional/General comments	<p>On paragraph of Conclusion</p> <p>Socio-economic indicators revealed that majority of the sample households have nuclear families, the proportion of nuclear families ranging from 78.26 per cent in medium to 92.59 per cent in large category. On an average, the family size ranged between 4.90 members in small and 5.82 family members in Medium. Overall level, the average family size comprised of 5.26 persons. The number of females per thousand of males ranged between 690 in case of large to 1062 in medium category with an average of 897 at overall level.</p> <p>(1)What's about it related inevitably with mushroom production? Should be manifested, especially by means of the statistics test.</p> <p>(2) It is recommended that the author had better to consider the environmental technology influencing factors of mushroom production as a complimentary.</p> <p>(3) Please add more references</p>
