General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. Abstract needs to be revised to appropriately cover the key points (research problem, main aim, a brief description of methodology, key results and findings, key conclusions, and recommendations). 2. Objective of the study on page 3. Authors need to set a list of objectives that serve the main aim mentioned on page 3. Objectives should be SMART that facilitate the achievement of the main aim. 3. All figures and tables should be first introduced in text before they appear. This needs to be checked throughout. 4. Don't put full stop between the end of the sentence and the source because in this case you disconnect the sentence from its source. Check this throughout. 5. Check the number of the research questions (1, a, b, c). It should be all in numbers or letters. 6. Conclusion section should be expanded. 7. Lacks any recommendations. 8. In the list of references, authors need to indicate the date of access of all documents downloaded from the websites. 9. Methodology is not clear. Authors need to make it clearer, well justified, and supported by enough authoritative sources. 	
Minor REVISION comments		
Optional/General comments
