

Review Form 1.6

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_83149
Title of the Manuscript:	Genomic-Assisted Breeding Tools for Grain and Nutritional Quality Improvement in Rice
Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	What makes this study unique or important among other studies in this field, or in other words, what makes this study more important than other related research? There are some abbreviations that the author did not mention the full term of that like "GWAS"	
Minor REVISION comments	This manuscript needs a lot of grammatical and punctuation edition	
Optional/General comments	It is better to reduce the introduction part about the rice, its characteristics, traits, etc., and focused more on the genomics, and molecular breeding part.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
