PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The Manuscript need to be revised and modified seriously before processing.</p> <ol style="list-style-type: none"> 1. The Introduction portion to be modified and reorganized properly with latest research on effect of INM and Panchagavya on growth and Productivity of Rice. Unfortunately no proper references have been incorporated, few cited but not any trace have been found in Reference Section. 2. Materials and Methods portion should be revised with proper references of Test Statistics, record of Observation and detailed strength, chemical composition of Panchagavya. The subscript of P should be uniform i.e P1, P2, P3 and so on or just mention P with different strength. 3. No growth data, yield attributes, Crop efficiency factor (Straw yield, harvest Index etc.) was found within the Manuscript. These parameters must be included either in Tabular or graphical form and proper statistical interpretation must be incorporated within the manuscript. 4. Reference Section should be thoroughly revised and modified. No proper way has been followed for citing references and no link has been found with some references that have been included within the Manuscript. Please revise and modify it accordingly. 	
Minor REVISION comments	<p>Proper numbering should be there within the Manuscript. The interpretation should be in proper way .</p>
