PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<p>In the title of the article and the text of the article, it is impossible to talk about the cultivation of organic pepper. The concept of organic products has clear criteria and concepts, and that do not meet the conditions of experience. It is necessary to describe the organic fertilizer. The weather conditions must be described. It is necessary to increase the description of the soil. It is necessary to describe the plant protection system. Unit price unknown. It is also necessary to indicate - this is the average for the region, country (wholesale price or market price). REFERENCES #5 says Gomez, A. A. and Gomez, A. A. (1984) and page 2 of MATERIALS AND METHODS (Gomez and Gomez, 1983) The correct spelling in the text is references - (Arancon et al., 2003), Arancon et al. (2005), (Natesh et al., 2005), (Joshi and Pal Vig, 2010), (Ramesh et al., 2015), (Kumar, 2016) and (Ahmed et al., 2017). Section 5 to write in capital letters. It is correct (equally) to make an interval in References.</p>	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
