

Review Form 1.6

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_87113
Title of the Manuscript:	Effect of Organic manures and spacing on growth and yield of Black Mustard (<i>Brassica nigra</i> L.)
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link: (<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Growth and yield measurements and statistical analysis method must be added to the abstract. The references should be reviewed, as I found about seven references that cited in the text and were not found in the list of references such as Anjana et al., (2020), Bana et al., (2012), Jackson (1967), Jat et al., (2012), Lindsay and Norvell (1978), Pandey et al. (2019) and Patil (2000).	
Minor REVISION comments	Materials and Methods: Arranging chemical analysis of the soil before designing the experiment	
Optional/General comments	You can add subtitles to the materials and methods such as the study area and experiment design if possible	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
