

Review Form 1.6

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_87195
Title of the Manuscript:	Effect of Nitrogen levels and Planting methods on Growth and Yield of Black rice (Oryza sativa L.)
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	See the name of the Journal, the experimental design and Title of the manuscript. They did not match. The experiment requires more than one year. I believe three years, and a correlation table with the experimental output and weather conditions. If done, where is it? Furthermore, see the balloons in the manuscript. See the absence of statistical models and Anova Table.	
Minor REVISION comments	The technical terms do not follow International units. Some terms are local.	
Optional/General comments	The text is poorly written and does not follow the model required for scientific presentation.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, kindly please write down the ethical issues here in details)</i>
