

## Review Form 1.6

Journal Name:	<a href="#">International Journal of Environment and Climate Change</a>
Manuscript Number:	Ms_IJECC_87218
Title of the Manuscript:	Morphometric Analysis of Nanjannad Hill Watershed of South India using geographical information system
Type of the Article	Original Research Article

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
REVISION comments	<ul style="list-style-type: none"> <li>- <b>Title:</b> "Morphometric Analysis of Nanjannad Hill Watershed of South India using geographical information system" is somewhat consistent with the research content; however, you must change "of south..." by "in south...".</li> <li>- <b>Abstract:</b> Avoid dividing your abstract into several chapters (Aim, methodology, result, conclusion...). According to journal guidelines, you must write the abstract of your research paper as a short summary, usually 150-250 words long.</li> <li>- <b>The introduction</b> should include sufficient references. This serves as a pointer to the background of the study.</li> <li>- <b>Figures:</b> All maps (Figure 01, 02, 03, and 04) must be of high quality "publication-quality", and a clear and concise legend caption to accompany it.</li> <li>- Figure 01, 02, 03 are not cited in the text. Figure 04 must be cited in the text as it, and not as "Figure 4".</li> <li>- Table 1 is not cited in the text. Figure 04 must be cited in the text as it, and not as "Figure 4".</li> <li>- <b>Section 2.4:</b> Since your research is intended for geo-scientific readers, so, you do not need to provide basic information about the Geographic Information System (GIS).</li> <li>- Referencing the information about the study area, Soil and geomorphology, and Land use.</li> <li>- <b>References:</b> the references list does not respect the same style. It should meet the journal standard.</li> </ul>	
<u>Optional/General</u> comments	<ul style="list-style-type: none"> <li>- This paper has either no line numbering or page numbering which made the reviewer task challenging.</li> <li>- The author must provide a suitable version of their manuscript before resending this paper for another revision.</li> </ul>	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
