

Review Form 1.6

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_88289
Title of the Manuscript:	Terminal Heat Stress and its Mitigation options Through Agronomic Interventions in wheat crop: A Review
Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljeai.com/index.php/JEAI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>This paper is a literature review clearly discusses the effect of the terminal heat on wheat crop and associated mitigation strategies.</p> <p>It is a well-written paper with extensive articles listed and paraphrased.</p> <p>However, as a publication, a literature needs to have author(s)' own interpretations discussing the significance of findings relating to the literature. For example, in the section of sow time, the author(s) mentions relevant findings on different sowing dates affect heat stress on crops. The authors are welcome to mention and discuss the strengths and weakness of these sources. Are the findings consistent or not, and why?</p>	
Minor REVISION comments	No	
Optional/General comments	No	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
