

Review Form 1.6

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_88439
Title of the Manuscript:	Comparative Assessment of Soil Carbon Sequestration and Carbon dioxide emissions from Agroforestry Systems in Kogi East Nigeria
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. In the content of your paper, in writing the headings, you are required to follow the systematic writing style format applied in this journal, starting from the chapters: ABSTRACT, 1. INTRODUCTION, 2. METHODOLOGY, 3. RESULTS AND DISCUSSION, 4. CONCLUSIONS, ACKNOWLEDGMENTS, COMPETING INTEREST, AND REFERENCES (adjust to the contents of the template provided in this journal), namely (11 FONT and CAPS). 3. Your ABSTRACT, must be written systematically and sequentially, and written with the title sentence and explanation starting from: Aims, Study Design, Place and Duration of Study, Methodology, Results, and Conclusions. 4. In writing the citation, in the contents of the draft paper manuscript, starting from chapter 1. INTRODUCTION to chapter 3. RESULTS AND DISCUSSION, it is mandatory to follow the writing template format that has been determined, namely using numeric symbols, such as: [1], [2], [3], and so on. 7. In chapter 1. INTRODUCTION, it is advisable to add a brief explanatory paragraph describing the description of the agroforestry system that has been carried out there, how large is the total area? what types of vegetation, as well as a description of the potential and sources of carbon dioxide emissions in general caused by various human activities in the Kogi East region, Nigeria (The description would be better if supported by the results of previous studies). 9. In chapter 2. METHODOLOGY, in section 2.1. Study Location, it is important to add a map image of the research location for the Kogi East region, Nigeria. 10. In chapter 2. METHODOLOGY, in Table 1, it should also be important to add the total area of each research site. 11. In chapter 2. METHODOLOGY, did you use tools and materials in your research? If so, it is advisable to describe the types of tools and materials and their respective uses, and present them in tabular form. 13. In chapter 2. METHODOLOGY, did you not use transects in your research? If there is, it should be described in the explanation paragraph, and accompanied by the design of the transect image. 14. In chapter 3. RESULTS AND DISCUSSION, the explanation of the paragraph about the results of the discussion is still very lacking, it should be reproduced again (which is accompanied by theoretical support or the results of previous research). 15. In writing all the contents of "REFERENCES", it is mandatory to follow the style of the template writing format that has been determined in this journal. 	
Minor REVISION comments	<ol style="list-style-type: none"> 1. In writing the title of your research, you still do not follow the systematic writing style that applies to this journal, namely (RIGHT ALIGNED). 2. In writing ABSTRACT, the writing of "Keywords" still does not follow the format of this journal template that has been determined, namely (only the first keyword that begins with a capital letter and does not use a dot symbol at the end of the word). 3. In the content of your paper, you are required to follow the style of writing systematic format that applies to this journal. In the body of the text, the paper uses (10 FONT and LINE SPACING IS SINGLE). 4. All the writing of your table titles, still do not follow the style of the template writing format that has been determined in this journal (adjust to the contents of the template provided in this journal). 5. In chapter 2. METHODOLOGY, for Table 1, it should also be important to write down the source of the data or information from where?
