PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The research work concerns the extent of knowledge of CSA techniques among young farmers in an area of India and how this knowledge relates to the characteristics of the farmers themselves. The methodology is correct and well explained, the investigation is thorough, and illustrated by an excellent way with the help of very explanatory tables and one figure. The results are interesting even if predictable. The bibliography is good. The work contains all and only the essential parts.	
Minor REVISION comments
