

Review Form 1.6

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_90328
Title of the Manuscript:	Biochar production technologies from agricultural waste, its utilization in agriculture and current global biochar market- A comprehensive review
Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Spell out terms before the introduction of an abbreviation. The figures need to be improved. Some are blurry and difficult to read. Use consistent heading styles for each section and subsections. Do not begin sentences with an abbreviation. Spell out the term. Try to avoid using one sentence paragraphs.	
Minor REVISION comments	Grammar issues and sentence structure needs to be addressed throughout the paper.	
Optional/General comments	As a researcher who works with biochar, this is a well-written and informative paper. The author evidently did their research and the 152 references cited support this claim. I would be interested if the author could update the report within a few years.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
