Compulsory REVISION comments	<p>This manuscript reveal the potency of transmission of parasitic infection through fresh fruit sold at fruit markets. Eventhough it is a simple descriptive cross sectional study, but still give positive and accurate information to all stakeholder.</p> <p>in my opinion, contamination could have occurred precisely when the fruits were on display; Therefore, my advice is to add to this and the suggestion that the fruit be washed thoroughly before consumption</p>	
Minor REVISION comments	I suggest the author to write all Latin names in Italic
