

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_86476
Title of the Manuscript:	Incubation Studies under Lab Conditions to study Release Pattern of Phosphorus in Soils with different Organic sources
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<p>Abstract The abbreviations should be written complete at first sight for example JNKVV stands for ? FYM stands for? DAI stands for and so on....</p> <p>Materials and Methods Kindly mention names of the P solubilizer (Sep-dec) should be (Sep-Dec) What method was applied for P analysis? “Physico-chemical properties of soil Incubation experiment layout consisted of 99 jars in a Completely Randomized Design (CRD) with three replications with all 11 treatments”. The above heading and description does not match. Please make it clear.</p> <p>Results and Discussions The references used in the section for results comparison are old. Please compare the results with latest research articles.</p>	
Optional/General comments	Latest references should be added in the introduction section The manuscript should be read carefully and grammar mistakes should be removed	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
