PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This work is very important for science and society. I recommend that a section be dedicated to detailing the methodology. What is the study period (ten years ago)? What are the main research bases consulted? What keywords were used? How many jobs were found per year? Is the trend growing?	
Minor REVISION comments	Too much text without citation in the introduction.	
Optional/General comments	I suggest an English language review.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
